**RE: CEASE AND DESIST – Use of CIC 0110
In Association With 8XX Services**

Dear Ms. Christofferson,

I am writing in response to your October 4, 2005, facsimile transmission. As we understand it, the new notification and acceptance feature of the SMS 800 database is the process intended to ensure compliance with the pre-existing notification terms of the SMS 800 tariff. Qwest offers wholesale intralata toll free services through Qwest Communications Corporation, not Qwest Corporation. Qwest Corporation therefore currently has no plans to authorize use of 0110 CIC. If you believe that Qwest Corporation has an obligation to provide such a service, please provide the basis for that obligation so we can investigate your position. Meanwhile, we would be happy to put you in contact with the appropriate Qwest Communications Corporation representative if any of the carriers you work with would like to order this service.

Sincerely,

Steven J. Perfremment

RE: 0110 code

Since you are not identifying yourself I can't call and explain this. The problem is on Qwest's side. Since this is a CLEC the charges should be on the wholesale side of Qwest. It should be reciprocal compensation or bill and keep under Qwest's agreement with the CLEC. If you are getting retail toll usage your billing system is misidentifying the traffic.

RE: SMS record

Please call me about these. You must have a specific reason to request the removal of an 0110 code. These are terminating on a CLECs lines.

Leaving CAC "0110" in
this record is causing
intra-lata originating toll
usage to drop on Qwest's side.
We no longer have an
account to bill for the 8XX'
cls. You're also making Qwest
carry the local orig.
traffic with no
agreement to do so.

Please remove Thank you.

Subject: 0110 codes

I apologize if I already asked you this, but I have been traveling a lot and can't remember if I already handled this. I need to determine if the following two numbers are UNE-P or facility based lines.

303-277-1199 (866-449-1199)
303-382-3689 (866-382-3689)

Qwest is requesting the 0110 code be removed so I need to make sure that the toll frees are terminated on CLEC lines before I respond. Thank you.
